

RKI

EAGLE Hydrocarbon Monitor (PPM/LEL)

Prod # 1510

The **RKI Eagle** is a portable, dual-range (LEL/PPM) hydrocarbon monitor with a methane elimination switch for such environmental applications as groundwater and soil-headspace screening.

The rugged, weatherproof case allows this unit to be used in all types of weather conditions. The alphanumeric LCD guides the operator through the functions and makes this unit extremely user-friendly.

Features:

- PPM/LEL hydrocarbon detection
- Methane elimination switch
- Field replaceable alkaline batteries
- Low-flow pump shut-off and alarm
- Automatic calibration

Applications:

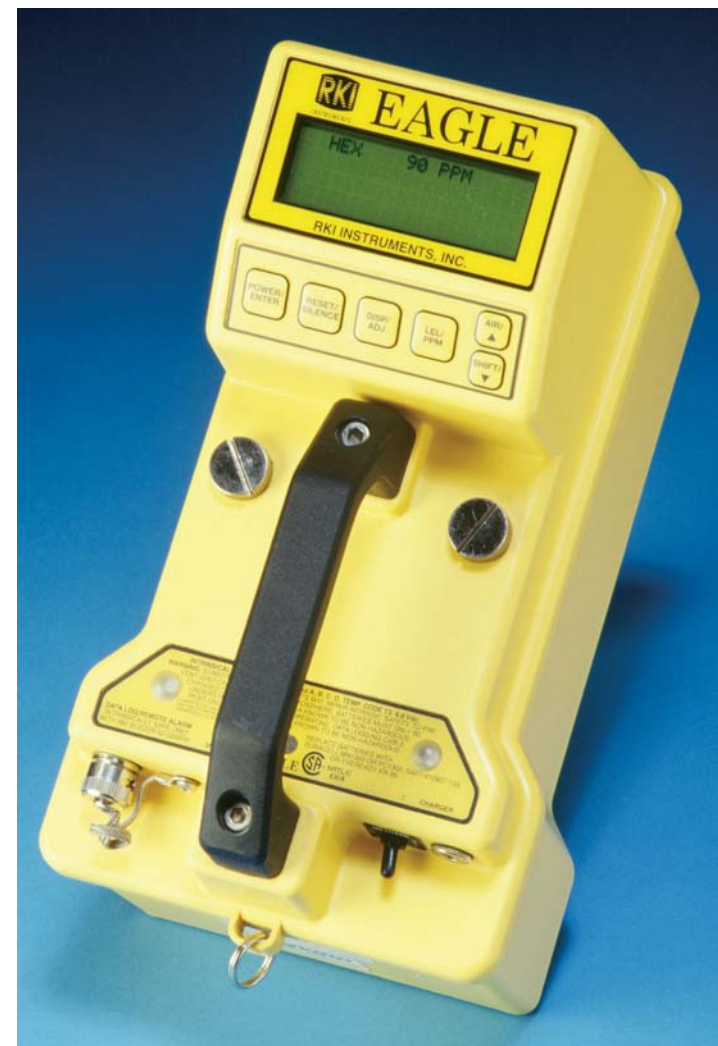

- Waste site screening
- Ground water testing (headspace)

Accessories:

- Carrying case
- Water filter
- Short probe
- Spare batteries

Specifications:
